• EXECUTIVE FUNCTION 101 Homework Log

Directions: Use the log below to help you develop a better understanding of how to manage your time, complete your homework, and build an understanding of what process works best for you personally.

- 1 In column 1, organize your homework assignments.
- 2 In column 2, predict how long you think your work might take.
- 3 In columns 3-6, keep track of your process and progress.

1 Class & Assignment	Prediction How long do you think it will take?	3 Start Time	● Stop Time	5 Location & Materials Where did you work? What did you have with you?	Mindset What did you actually do? How did you feel? What new plan did you make?
Math - 5 problems	10 mins	8:10	8:30	bed	distracted, hungry work at desk next time
